Believers In Business is a group of like-minded Christian business professionals that meet weekly and apply Biblical principles to their personal and professional lives.

Expectations for the Believers In Business group:

There will be one member allowed for each profession represented in the group.

As we are an exclusive referral-based networking group, members will agree to participate in no other referral-based networking groups during their time as a member of BIB.

Prospective members may visit 2 times prior to the expectation of applying for membership.

The membership committee will review member applications and determine if the applicant will be a benefit to the group via a majority vote.

New members will be subject to a 2-month probationary period. At the end of the probationary period, a review of the member's productivity in BIB will be conducted and membership status will be determined.

Weekly attendance is expected. In the event of an absence, BIB leadership will be notified via email or text message, and a substitute is to be sent in place of the member. A maximum of 12 absences, with a minimum of 6 substitutes, in a 12-month period is allowable. Exceeding this limit will lead to a reconsideration of membership in BIB. In the event of an unexpected absence due to medical emergency, etc. members are expected to communicate with the leadership team that no substitute will be attending.

There is an expectation that an average of two referrals a month will be passed and reported. Failure to meet this expectation may result in reconsideration of membership in BIB.

There is an expectation that at least one outside meeting (Power Hour) with another member will occur on a weekly basis and be reported. Failure to meet this expectation may result in reconsideration of membership in BIB.

There is an expectation that at least one visitor a month will be invited and reported. Failure to meet this expectation may result in reconsideration of membership in BIB.

There is an expectation that members will report gross profit received from other BIB members weekly, in order to track productivity.
